

Dr. Paisan Ruamviboonsuk is currently the President of the Royal College of Ophthalmologists of Thailand starting December 2012, and was the President of the Thai Retina Society during 2009-2013. He is also a Council Member of the Asia-Pacific Academy of Ophthalmology and the Asia-Pacific Vitreo-retina Society and a member of International Liaison Committee of the American Society of Retina Specialists since 2010.

He was the Interim Chairman and founding members of ASEAN Ophthalmology Society in 2013-2014 and currently serves as the Secretary General of the society.

Dr. Paisan is also an Assistant Director for Center of Medical Excellence at Rajavithi Hospital, Bangkok, Thailand and practices as a retina specialist. He had his vitreo-retina training at the Albert Einstein College of Medicine, New York, U.S.A., in 1994-1995. He has been an invited speaker in many international ophthalmologic meetings and a reviewer in many peer-reviewed journals. His published studies include studies on diabetic retinopathy imaging, polypoidal choroidal vasculopathy diagnosis and treatment, epidemiology and economic impact of age-related macular degeneration.

His project on digital screening for diabetic retinopathy in rural Thailand for preventing blindness from diabetes had won "Public Service Award for Advancing Knowledge Management in Government" from the United Nations in 2012.

He received the National Service Award from the Office of the Public Sector Development Commission of Thailand and was awarded "The Distinguished Government Officer" from the Prime Minister of Thailand. He also received "The Distinguished Service Award" from the Asia-Pacific Academy of Ophthalmology in 2007 and "Asia-Pacific Academy of Ophthalmology Achievement Award" in 2014.
